dear Jack:

I am enclosing check for \$1,000 for annual payment on my \$10,000 pledge as a godfather for the Cathedral. Will you please turn it over to Uncle Haik, who I believe is in charge.

Usually I am happy to send this along but I cannot help but saying at this time that I read with great shock that Bishop Shahe performed a badarak at the Cathedral ~~at~~ Sunday. It was very disheartening to those of us who have worked in the vineyard so long and especially to me who minced no words with him when he badgered and pulled his rank on der Arden and der Dajad while I was a member of the Diocesan Council when they asked about the missing manuscripts, etc.

What has happened? Is he back in our good graces after the belligerence of that day? Shouldn't we who took a stand --a justified stand--against him, be informed as to the why of his sudden performance at the Cathedral? Maybe you can shed some light. Sincerely,
