

FROM THE DESK OF GEO. G. BASHIAN

August 13, 1975

Dear Boss!

We have been playing Tavloo with Dadour, and we had about \$32.25 in the Kitty. I am enclosing a round figure check for \$50.00.

This is for your birthday, and also for your beloved Cathedral Project. Alice and I wish you a very Happy Birthday and continued good health.

You are the best Armenian in the 20th century and any century. Warmest regards to you and Alice.

Sincerely,

A handwritten signature in cursive script, appearing to read "Geg", with a long horizontal flourish extending to the right.
