Dear Richard:

Thank you for your kind letter of Sept. 8th.

It was indeed a pleasure working under your able and pleasant chairmanship together with all the members of the Kavookjian Centennial Celebration Committee. It was doubly rewarding for me! I made new friends and renewed old acquaintances.

It was unfortunate that we could not reach the appropriate goal of \$100,000.00. At least we tried. However, if you think that further effort will bear some fruit, I will be most happy to serve under your guidance to reach our goal. You can count on me.

My warmest regards to your lovely wife, Nana.

Sincerely,

Bery

P. S. Please find enclosed my pledge of \$1,000.00. Also my sister-in-law's pledge with \$250.00 as the first installment enclosed. Dr. Nepola is ill in the hospital (minor surgery). I am sure you will hear from him in the very near future. His donation is under the names of Mr. & Mrs. Sooren Terzian. Re: Dr. Mgrditchian, please send him a reminder. I am sure you heard from Mr. I. Aprahamian. If you did not receive his \$1,000.00 check, you will very soon. I think this wraps it all.
