Dear Sepagan Hayk,

I hope this note finds you in good health and good spirits.

Over the Thanksgiving weekend, I visited my family in Lowell and was able to stop by at "Little Ani". Your *Ju Sungppp* was readily located; and upon explaining to Hayk Chevont who the rightful owner was, he allowed me to take it.

I am sorry the *Ju Sungppp* was never returned to you directly after the consecration.

The family is fine. Little Maxal will soon have a brother or sister in the spring of 1979.

Hope to see you again soon.
