

June 11, 1971

Dear Gregory:

I received your letter of June 2nd, together with the two checks enclosed therein.

We are enclosing herewith the two receipts dated and made out as indicated in your letter. Hope they are satisfactory.

I wish to take this opportunity to thank you for your nice gesture in taking credit only for the net amount of the stocks and not the gross as some others have done! This shows that your HEART is in the Project as well as your money. Thank you.

I was wondering what happened to the Mugar stocks. Haven't they been sold? And the Tatosian's too. Well, I know how closely you follow these things, but we can always use the money.

As you have mentioned in your letter, \$4,000 is credited to your Khatchkar Godfather pledge leaving a balance of \$2,000.00. If only the majority of our pledgors were like you and would pay without waiting for reminder after reminder.

Kind personal regards.

Sincerely,

Haik Kavookjian
