Dear Bishop Johnson,

It was about this time last year that we sent our stewardship payment. Enclosed is our 1974 contribution.

Our prayers go for your good health and good work in our church. We have just completed a successful Lenten program conducted by high school and college students in our community. They have a very strong faith inspired by Billy Graham, college

love

It is wonderful to see their enthusiasm
and faith. There are not many, but
they are very much impressed in
their meetings.

There is a very happy time in
our lives. Our children are at a
good age to do things with (the things)
they are all good before. We have had
no cause to complain. We are all
enjoying good health. John's business
has been successful. We are trying to
do what is right. We are a
fortunate family having many
things to be thankful for. God has
been good to us. Love you.

Anna
